donor-related endowment funds for a nonprofit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) for the state of Illinois.

Feeding America's endowment consists of 17 individual funds established for a variety of purposes including donor-restricted endowment funds and funds designated by Feeding America's Board of Directors to function as endowment. Net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowment, are classified and reported based on the existence or absence of donor-imposed restrictions.

Part X, Line 2:

Feeding America accounts for uncertain tax positions in accordance with ASC Topic 740, Accounting for Uncertainty in Income Taxes. ASC Topic 740 addresses the determination of how tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements.

Under ASC Topic 740, Feeding America must recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. Feeding America does not have a liability for unrecognized tax benefits, for the reporting periods presented in the financial statements.

Part IV Supplemental Information. Provide the information required in Part I, line 2; Part III, column (b); and any other additional information.

Part I, Line 2:

Members must submit a grant agreement and periodic reports as a requirement for accepting a grant from Feeding America. These reports are a vital part of stewarding donor relationships that result in continued grant funds available to our members. The Member Grants team creates report forms in conjunction with the Feeding America account manager, who is the main contact with the donor. This ensures that the donor's intent for the gift is included in the report requirements. The frequency of reporting is also in accordance with donor intent. The Member Grants team reviews completed

Part IV Supplemental Information

reports when the reports come to Feeding America. The team follows up with
 food banks that do not fully complete the reports. Information from the
 reports is shared with the account manager who is the main contact with the
 donor, and the Subject Matter Expert(s) (SMEs), which can assist members
 with program implementation challenges.

During the grant period, awardee members must submit a written reallocation
 request form if they are asking to use grant funds differently than
 described in their original proposal. The Member Grants team along with the
 appropriate account manager and Subject Matter Expert(s) (SMEs) decide
 whether the reallocation request is aligned with the donor's intent for the
 gift. If so, the reallocation is approved. If not, the reallocation will be
 denied. Appropriate staff as related to the grant opportunity follows up
 when there are issues/challenges with a member's completion of the grant,
 or their grant terms. When necessary, staff provide recommendations for
 changes to the proposal. When there is a serious issue with a member and
 their grant implementation, all appropriate staff will work together with
 the member to address the situation. Final decision to request the return
 of grant funds is made by consensus of the Compliance department, and other
 appropriate staff related to the grant opportunity program. Examples of
 serious issues that may require further consideration and action include:
 insufficient progress; member unlikely to use funds; non-compliance during
 an audit visit; and late submission of, or failure to submit grant reports.

Form 990, Part I, Line 1, Description of Organization Mission:

Our mission is to advance change in America by ensuring equitable
access to nutritious food for all in collaboration with partner food
banks, policymakers, supporters, and the communities we serve.

Form 990, Part III, Line 4a:

Food procurement program includes supply chain, logistics and product
sourcing services. Supply chain services facilitate the acquisition of
food and grocery products for free distribution to Americans in
communities across the country.

The Feeding America National Office augments donated food and grocery
products with produce procured from farmers and growers to ensure a
nutritional and well-rounded mix of product is available to the
network. A portion of these procurement costs are offset by fees paid
by member food banks to the donor/service provider, which may include
the cost of packaging, transportation, and processing fees. During
fiscal year 2023, the national produce program distributed 257 million
pounds of fresh produce to our partner food banks and related regional
organizations. Additionally, Feeding America regional sourcing
personnel generated 91 million pounds of produce for the network making
the total generated by Feeding America national office 348 million
pounds. The Feeding America network collectively secured more than 968
million pounds of fresh produce (produce sourced through our other
channels is not included in this number).

Name of the organization Feeding America	Employer identification number 36-3673599
---	--

During fiscal year 2009, the Feeding America team launched a national grocery program to obtain lower prices for purchased groceries by leveraging the collective buying power of our partner food banks.

During fiscal year 2023, 178 members participated in the national grocery program, with purchases of \$136.6 million in food and grocery products that resulted in more than 156.6 million pounds of purchased food.

Product sourcing facilitates the donation of food and grocery products from major national and regional manufacturers and retailers. Through the efforts of food sourcing staff across the network, and the help of our trusted retail partners, the grocery rescue program (retail store donation program) secured more than 2.1 billion pounds of product. Food manufacturers donated more than 869 million pounds of food to our partner food banks.

In total, the Feeding America network distributed approximately 6.3 billion pounds of food and grocery items in fiscal year 2023 to people in need. This represents a 3 percent increase over fiscal year 2022.

Form 990, Part III, Line 4b:

Member services advances the operations of partner food banks through capability development, consulting, assessment and training. The Feeding America national office conducts a national network standards review for each Network member every 18-36 months to ensure compliance with the highest standards of food safety, management, governance and accountability. Due the need to social distance during the pandemic and an overhaul of national standards, some standards reviews were delayed.

Significant portions of the member services FY23 budget helped to provide grants to partner food banks supporting food sourcing and sharing, capacity building, and the development of services reaching communities disproportionately impacted by food insecurity such as communities that are racially marginalized and/or rural communities, the development of innovative charitable feeding programs, and other strategic initiatives.

Of all food and funds raised by the national office, more than 94 percent goes directly back to Network members to support programs and services, including more than \$244 million of direct support in the form of grants to the Network. Our Member Services program also advances logistics and service capacity through information technology; prepares our Network for responses to natural disasters through planning, information sharing and product deployment through disaster services; offers fundraising and food sourcing capacity building opportunities, and shares best practices and wisdom among Network members through knowledge and learning.

Form 990, Part III, Line 4c:

Public awareness and education services advance awareness of and engagement with the issue of hunger through marketing and engagement programs. All of which aim to mobilize the public and drive awareness and support of both the issue of domestic hunger generally and Feeding America specifically. We believe the U.S. public has a significant role to play in ending hunger. We have seen that people do indeed want to help people in need when they better understand who is affected by food insecurity, the extent of the problem, how it relates to their everyday

lives and what they can do to address it. Feeding America is focused on delivering this information through targeted initiatives such as Public Service Announcement (PSA) campaigns, media outreach and additional marketing programs designed to reach people during relevant time periods. These initiatives are created and supported by world class creative agencies, media partners and content distributors.

Form 990, Part III, Line 4d, Other Program Services:

Our Research and Evaluation Team spearheads critical research initiatives to better understand hunger and to continually improve our strategies to end it. We analyze the dynamics at play among the Nation's food insecure individuals and families, the patterns surrounding their use of our services, and endeavor to utilize this data to ultimately create better local feeding programs. Additionally, we investigate our own Organizational operations as a network, identifying opportunities for continual growth and refinement.

During fiscal year 2023, we released the thirteenth consecutive edition of Map the Meal Gap, our signature study on overall and child food insecurity in every county and congressional district in the United States. Not only does this study allow our partners, policy makers, donors and the public to understand the picture of hunger in their communities, it provides our food banks with data that enables them to target their services to people most in need. Feeding America also released county-level food insecurity estimates for Black and Latino households, providing new insights into racial inequities at the local level. Feeding America produced The State of Senior Hunger in America in 2021 which documents the prevalence of food insecurity among the

senior population age 60 and older in the United States, and older

adults age 50-59.

In order to best use our resources as a network and work toward meeting

our collective needs of having more timely neighbor insights now and

into the future, Feeding America is scaling no-cost data collection

platform to support neighbor intake at partner agencies across the

country. This platform is a preferred provider for food banks

implementing Service Insights, a network-wide approach to

electronically collect consistent administrative intake data from and

about the people who access the Feeding America network. Collecting

this data electronically, using a common framework, will enable us to

have a complete and up-to-date understanding of who we are serving

locally and nationally. Feeding America launched a new initiative, the

Network Measurement, Evaluation, and Learning (MEL) Approach, aimed at

creating a common and consistent approach to program evaluation, using

a shared language, in order to better understand the effectiveness of

food bank programs across the network. We hosted our first ever

evaluation grant to support local communities to assess and improve

their programs.

Expenses \$ 98,976,752. incl grants of \$ 67,398,251. Revenue \$ 3,270,885.

Programs and Policy

Feeding America's national programs are targeted, scalable distribution

models that increase access to meals through benefits access, groceries

and meals to children, families, and seniors. We strengthen our network

by providing grant funding, program standards, technical assistance,

and training resources that increase capacity, build awareness, and

improve equitable access. We have expanded the reach of our national programs by providing 162 million meals through programs that feed children, such as kids cafe, backpack, and school pantry programs; by providing eligible families access to over 288 million meals through supplemental nutrition assistance program (snap) application assistance; and by providing 204 million meals worth of nutritious food to food-insecure seniors through senior programs.

Our public policy and advocacy programs educate federal lawmakers and policy influencers about hunger in America and identify and advance policy solutions that assist individuals who are struggling with hunger and strengthen food banks. Our non-partisan efforts help protect and strengthen federal nutrition programs that provide meals to families, children and seniors in need and policies that facilitate and support charitable giving of food and funds to non-profits providing meals to hungry families in America.

Form 990, Part VI, Section B, line 11b:

The Audit and Risk Management Committee of the Feeding America Board of Directors reviewed the prepared form 990 during February 2024, followed by a sign-off by the full Board of Directors in March 2024. All bodies reviewed the report and had the opportunity to offer refinements to narrative language. Our accounting firm, RSM US LLP, also helped prepare and review these forms. The final Form 990 was submitted to the Internal Revenue Service shortly after review.

Form 990, Part VI, Section B, Line 12c:

Annually, Executive Team members (currently approximately the fourteen

highest-ranking staff members) and Board members are required to sign a Conflict of Interest form disclosing any such issues. Executive Team member forms are reviewed by the Chief Human Resources Officer and the Boards' are reviewed by the Secretary to the Board to ensure compliance. Any areas of concern are thoroughly discussed and remedied at this time and throughout the year. Board members with a conflict are required to recuse themselves from voting on such matters in which they have a conflict.

Form 990, Part VI, Section B, Line 15:

The Executive Compensation Committee of the Feeding America Board of Directors is charged with overseeing issues surrounding executive pay and benefits. Committee members are fully independent of Feeding America management, have no personal interest in executive compensation and are not related to or under the control of any individual whose compensation is under review. The Committee determines the Chief Executive Officer's compensation based on a competitive market analysis. Compensation determinations are also based on competitive market data for disqualified persons - recommended by the CEO with assistance from the Chief Human Resources Officer (or designated Executive team member) and approved by the Committee. The Committee approves all compensation noted above in advance of their implementation and documents its discussions and determinations in the Committee's meeting minutes.

The Executive Compensation Committee of the Feeding America Board of Directors and Feeding America work with a consulting firm that specializes in compensation services to not-for-profit organizations, with a primary focus on executive leadership. They provide data to the Committee to evaluate the reasonableness of each Executive's total cash compensation.

Form 990, Part VI, Section B, Line 10b:

Each member food bank is an independent 501(c)(3) organization that

enters into a legal and binding contract with Feeding America. The

contract defines mutual accountability between both parties and

outlines a set of compliance standards that detail administrative,

operating, and non-compliance policies. A compliance audit is conducted

by Feeding America every 18-36 months based on a member's compliance

history. The visit allows Feeding America to verify compliance with the

member contract. Failure to maintain compliance can result in

probation, member sanctions and even termination, but typically only

after steps are taken by Feeding America staff to assist the member in

achieving compliance.
